TRACTION LINE FACES SHORTAGE

I. & C. Traction May be Compelled
to Condense Schedule Unless
Coal is Received Soon

ONLY FEW DAYS SUPPLY NOW

City Plant is Well Fixed With 75
Days Supply and Helped Local
Factory by Selling a Car

The seriousness of the coal strike may soon be felt in earnest in Rushville, it was disclosed today, with the announcement that the power plant of the Indianapolis and Cincinnati Traction company, located here, was dangerously short of fuel, and that unless relief comes soon, the acres will be compelled to stop operation.

Factories here also are running short, and one car of coal consigned to the city water and light plant, was given over to a factory to keep it from closing down this week.

Superintendent Mahin of the city plant, stated today that he had 1,000 tons of coal on hand, and that the supply would last about 75 days, putting the plant in good shape for some time.

It is understood that the coal bins at the I. & C. plant will become exhausted toward the latter part of the week and it may be necessary to curtail the traction service at any time, eliminating some of the cars, in order to keep up a portion of their schedule.

Officers of the traction company were meeting today in Indianapolis expecting to reach a decision in the matter for the future operation of the line.

Indianapolis, Ind., July 24—State regulation of coal prices during the rail and mining strike became a probability today.

Governor McCray requested Attorney General Lesh after report of profiteering had been received, to determine what action can be taken.

Indianapolis, Ind., July 24—Governor McCray today invited members of the wage scale committee of divinity in his office at 9:30 a. m. individually in his office at 9:30 a. m. tomorrow to discuss the miner's strike in this state.

The governor wired his invitation to John Hessler, president of the United Mine Workers of Indiana in which Hessler agreed to meet the governor, but refused McCray's invitation. Continued on Page Two.

STRAW STACK BURNED; BARN WERE IN DANGER

New Straw Stack on Farm Tenanted
by Wm. Morgan, Caved in on Gas-
oline Baler, Causing \$75 Loss

RUSHVILLE SENDS PUMPER

A new straw stack was destroyed by fire Saturday afternoon at three o'clock on the Mrs. Frazier Johnson farm 1 1/2 miles east of Rushville and the loss is placed at \$75, and a straw baler owned by James Meek of Glenwood, was badly damaged in the fire. The farm is tenanted by William Morgan. The men were engaged in baling the new straw, when the stack caved in on the baler, setting it on fire immediately.

The Rushville fire department was appealed to, because a barn containing 600 bushels of corn and the new wheat, was located near the burning stack. The pumper and several men were sent to the farm, and they remained there for a couple of hours until the danger of the fire spreading was passed.

Mr. Meek, has been unfortunate with his baler, as about this time last year the same baler was badly damaged in a fire on the Gartin farm in the same neighborhood.

In case the barn had caught fire the pumper would have been used from a well, and several buildings would have been saved.

GUARDSMEN GIVEN FAREWELL

Big Crowd at Depot When Company
C Departed For Camp Knox

Company, C, Rushville's unit of the National Guard, left here Sunday morning over a special train on the Big Four railroad enroute to Camp Knox, for a two weeks training and a large delegation of people turned out to give the members and officers a farewell.

When the train arrived here there were several coaches of guardsmen from the north, and the train remained here about thirty minutes while the Rushville unit was loading. Practically every member of the Rushville unit made the trip and only two or three were reluctant in leaving and had to be sent for.

LEGION LOST ON 2 BAND CONCERTS

Royal Scotch Highland Band Pleased
Audiences With Two Sunday Con-
certs at City Park

CROWD WAS DISAPPOINTING

More People on The Outside Than
Within Coliseum—Legion Lost
About \$20 on Concerts

Rush Post 150, American Legion, under whose auspices the Royal Scotch Highland band appeared here Sunday, in two concerts at the city park coliseum, lost money on their venture due to poor support from the public, although the concerts were high class in every detail and measured up to their advance notices.

The afternoon crowd was less than 300 people and was very discouraging to the local promoters, while at night the attendance was a little better than 500 admissions, with several hundred "pikers" on the outside who received the benefit of the concert without paying.

The local post lost between \$15 and \$20 on the concerts, it was stated today.

The band under the direction of Roy D. Smith, gave two concerts for two hours each, and because the stage was not large enough to accommodate vaudeville acts, the entire program was given over to the band, and special numbers.

Every kind of music from religious, classical, operas, popular, old time ballads, down to the present stage of ragtime filled each program, which was changed at night to a different program from the one rendered in the afternoon.

In the afternoon Frank Gillum, famous trombone player, led the band with a solo part, "The Holy City", which was greatly applauded and for an encore "Believe Me if All Those Endearing Young Charms."

At the night program, the same expert assisted by Turner Nearing on the cornet, had the leading parts in a selection from "Il Trovatore" which also appealed highly to the audience.

George Freborg, on the Xylophone also was a good entertainer at each performance, and Harold Stockton, a former Rush county boy, also was Continued on page six

SAFETY SAM

I read it in the paper,
It was there in white and black;
A crossing victim saved himself
By clinging to the engine's stack;
So now we can drop our caution,
If perchance then we are struck,
We'll grab the stack of the engine
And yell, "Oh, aint we in luck?"

FIVE RAILROADS GIVEN PROTECTION

Judge Baker, U. S. Circuit Court
Today Restrained Shopmen From
Interfering With Operations

FORBIDS VIOLENCE OR THREATS

In Granting Injunction, he Makes it
Plain All Men Are Free and
in a Free Country

Indianapolis, Ind., July 24—Temporary injunction restraining railway shopmen from interfering with operation of trains on railroads in any way, was granted in the federal district court here today to the Wash, Baltimore and Ohio, Erie, Big Four and Monon roads. A temporary restraining order had already been in effect.

"I am going to be back here next Monday," said Judge Francis Baker of the United States circuit court of appeals in granting the injunction.

"In order to preserve the dignity and peace of our state, I am asking the defendants to co-operate with me and report all cases of violation of these orders.

"I want all evidence of men who have done things contrary to the letter and spirit of these orders submitted to me.

"All who prevent free men in a free country from doing as they have a right to, must be put where they can not do it."

"All violence, coercion, threats or intimidations are forbidden."

The injunction substantially follows the lines of the temporary orders. Through an error the appeal of the Cincinnati, Indianapolis and Western was not disposed of.

Chicago, July 24—Settlement of the rail strike was up to Washington today.

W. J. Noone, president of the Order of Railroad Station Agents, today announced that a threatened strike by his organization would be held up indefinitely pending negotiations with managers. The announcement was made following a conference with W. L. McMenimen, labor members of the board.

Chairman Ben W. Hooper of the United State railroad labor board, announced on his return here from a conference with President Harding that the board "contemplated no further steps at this time."

Action by the president was believed imminent. He is thoroughly acquainted with the situation and it was expected some move would be taken early this week.

Hooper immediately put an end to reports that he bore a new peace plan on his arrival, and indicated the strike situation had been taken Continued on Page Six

BRITISH MINERS WILL GIVE AID TO THE U. S.

Do Not Object to Mining Coal to be
Sent to This Country, England's
Unions Declare

A WALKOUT IS SEEN HERE

London, July 24—British miners will not balk at mining coal to be exported to the United States to alleviate conditions caused by the miners' strike there, it was believed here today.

It was reported in union circles here that British miners see a chance to even scores with American miners who dug cargo after cargo of coal to be sent here during the British mine strike.

Albany, N. Y., July 24—Attempts to import coal from England and other countries to relieve the famine caused by the strike of United Mine Workers will lead to a walkout of longshoremen and harbor boatmen, M. J. McMahon, member of the general executive council of the International Association of Machinists, said today.

FINANCIAL CAMPAIGN IS SHOWING SUCCESS

Pew Rally Held Sunday at Wesley
M. E. Church is Well Attended
And Dr. John Walker Speaks

SUPPER NETTED \$100.77

Dr. J. M. Walker, superintendent of the Connorsville district of the M. E. church, delivered an excellent sermon at the Pew rally held at the Wesley M. E. church Sunday afternoon at three o'clock. A large attendance was present for the rally. Twenty dollars was realized by the effort. Dr. Walker left a contribution of two dollars and twenty-five cents towards the success of the drive.

The rally held Sunday was in connection with the Financial Campaign being waged by this church. On Tuesday evening of last week was the first effort in the campaign. An entertainment was given under the auspices of the young people and was largely attended by a number of friends of the city. The receipts were about \$20.

Friday evening a fried chicken supper was served under the auspices of the men's Social Circle. About 145 suppers were served. The receipts for the evening were \$100.77.

The pastor, Rev. C. T. Parker, and members of the church wish to thank the friends of the city who patronized the entertainment so largely. They also wish to thank the orchestra under the direction of Miss Sarah I. McConnell for their services.

SEVERAL AFFIDAVITS FILED IN J. P. COURT

Pete Bever, Ralph Waggoner and
William Bennett Enter Pleas
For Various Charges

CASE VENUED TO NOBLE TWP.

Several affidavits were filed Saturday in Justice Stech's court, and three arrests were made on those which were served.

Pete Bever, living south of Rushville pleaded guilty to a charge of public intoxication, and was fined \$1 and costs, amounting in all to \$12.50. He was charged with being intoxicated near the Circleville school house.

Ralph Waggoner pleaded guilty to a charge of provoke, and was fined \$1 and costs, amounting to \$9.10. The charge was preferred by Cleveland Beach. William Bennett, the third arrest, entered a plea of not guilty to a charge of intoxication, and the date for his hearing has not been set.

The case of the State against Otto Hankins of Riehlend, charged with maintaining a hog pen which is said to be injurious to the health of the community, has been sent to Noble township on a change of venue, and will be heard Tuesday in New Salem before Squire Helman.

K. K. K. CANDIDATE IN LEAD

Mayfield Ahead 25,000 in Senatorial
Primary Race in Texas

Dallas, Texas, July 24—Earle B. Mayfield, champion of the Ku Klux Klan, was leading in the democratic race for nomination for United States senator, in returns from Saturday's primary by 25,000.

Returns from 234 of 250 counties gave Mayfield 93,557; James E. Ferguson, 68,196 and Charles A. Culbertson, 59,745. The two latter are anti-klan candidates. The anti-klan vote was split among four candidates. The vote tabulated today gave Cullen P. Thomas, 51,146 and Clarence F. Owsley, 35,338. Both are anti-klan.

The final nomination will be made at a run off primary on Aug. 26.

HAMILTON MAN PAYS \$15.08

J. M. Snyder's Automobile Crashed
Into Light Post Sunday

An automobile owned by J. M. Snyder, Hamilton, O., and driven by his wife, crashed into a pedestal light post at the Rushville National Bank corner Sunday morning, breaking all of the globes. The woman lost control of the machine as she attempted to turn the corner. Following the crash, she fainted, and considerable excitement resulted. Mr. Snyder paid \$15.08 as damages caused by the accident to replace the broken lights.

The pedestal lights have had a hard season, as almost every week one of them some place down town gets struck by a machine, and the large globes are expensive.

EASTERN INDIANA CONGRESS AUG. 9

Christian Churches of County In-
vited to Send Delegations to Meet-
ing to be Held at Dunreith

PURPOSE OF THE CONGRESS

Three Sessions Will be Devoted to
Addresses and Discussions of
Timely Subjects

The eastern Indiana Christian Restoration congress will be held at the Dunreith Christian church Wednesday, August 9, according to an announcement received here today, inviting churches of this denomination in Rush county to send delegations for the day. R. H. Lord of Dunreith is in charge of the arrangements and those who plan to attend are urged to notify him so that entertainment may be provided in advance.

The avowed purpose of the conference is to advocate the Bible, and especially the New Testament; to recognize Christ as the head of the church; to follow the Lord's plan of salvation; to practice his ordinances just as He gave them; to wear His name and His only; to adhere to the simplicity of the New Testament church and to stand for Christian unity on the only correct basis. The program has been announced as follows:

Forenoon

9:00—Devotional consisting of singing, Bible reading and prayer, conducted by A. L. Needham, Dublin.

9:10—Statement of the purposes of the Congress and organization of the same C. B. Titus, New Castle.

The boys' camp was the mecca Sunday for many visitors, parents and friends of the 49 boys who are spending the ten day outing on the P. A. Miller farm, six miles south of Rushville, and throughout the day a throng was present to visit with the boys.

The visitors had an opportunity to get an insight of the camping life, and many of them remained during the meal time hours to watch the young fellows devour well cooked meals.

The Rev. C. S. Black, pastor of the St. Paul's M. E. church was present Sunday morning at eight o'clock, camp time, at which time the boys had an opportunity of attending Sunday School and listening to a short sermon.

Most of the day was devoted by the boys to resting and lounging around the camp, visiting with the hundreds of people who were coming and going at all times during the day.

One of the interesting things of the day was the camp inspection by Mr. Cotton, who is in charge of the boys' camp. Each tent is inspected daily and the boys are given grades for the manner in which their tent is maintained.

The boys are betting to be experts Continued on Page Two

LOCAL BOYS ENJOYING CAMP ROOSEVELT LIFE

Theodore Abercrombie and Churchill
Allen Have Been Assigned to
Companies at Boys' Camp

LATTER IN R. O. T. C. DIVISION

Theodore W. Abercrombie and W. Churchill Allen of this city are enjoying life at Camp Roosevelt, Major F. L. Beals unique boy-building institution located not far from LaPorte, Indiana. Churchill is in Company "E" of the R. O. T. C. Division, and Theodore is in Company "C" of the high school division. Both boys are well liked in their companies, and reports from their company commanders and instructors are to the effect that they are prompt, obedient, and efficient in all they attempt to do.

The life at the camp is full of healthful activity and occupation. All boys, in addition to their program of athletics, military instruction, etc., are compelled to take a course in first aid and Red Cross. Their health is well cared for, each boy being given a brief physical examination and a complete dental inspection, with necessary repair work where needed. The camp is crowded to its maximum, and every boy in camp is manifesting the good care and enjoyment derived at this "Ample proof of this is seen in Major Beals is himself in close personal touch with each individual boy, and outlines the courses to the best advantage of all in camp. "Of our four camps, this is by far the best", states Major Beals. Ind., has returned to her home here, the boys themselves. One look at them would convince any parent that they are receiving unlimited benefits from their camping experience."

Clean and DRY for the line without a wringer

THE Laun-Dry-Ette has no wringer. It washes the clothes, and whirles the suds out; it rinses them and whirles the rinse water out; it blues them and whirles them dry for the line—a whole tubful at a time.

The Laun-Dry-Ette saves work on wash day because it dries as well as washes. It saves work on mending day because it never smashes buttons or injures the daintiest fasteners. The Laun-Dry-Ette does not require extra tubs, because both the washing and the drying are done right in the Laun-Dry-Ette itself. The Laun-Dry-Ette prevents red hands, because it makes it unnecessary to put your hands in the water even once.

We invite you to come to our store and see the Laun-Dry-Ette do a regular washing. If you can't come, please phone or write.

BRAZILIAN HONORED BY NATIONAL SOCIETY

Famous Guide of Late Pres. Roosevelt Elected Honorary Member of Geographic Society

BESTOWED FOR HIS SERVICES

Washington, July 24 — General Candido Mariano de Silva Rondon, famous Brazilian soldier and explorer and guide of the late ex-President Theo. Roosevelt on his Amazon exploration, has been elected honorary member of the National Geographic society here.

The honor of highest in the power of the society to confer, was bestowed on Rondon for his services with and in behalf of the aborigines of Brazil and his contributions to geography into the wilderness and of Brazil.

Rondon is the ninth man in the history of the society to receive this rarely bestowed honor, among the other distinguished honorary members being Theo. Roosevelt and Admiral Peary, discover of the North Pole.

Rondon accompanied Roosevelt on his famous expedition into the Northern reaches of the Amazon, which culminated in the discovery of the River of Doubt, now known as the River Roosevelt.

Prior to that, he was noted for his explorations and peaceful penetration of the wilderness of Matto Grosso in Western Brazil.

Tampico Has Only Trolley Ambulance

By FRED'K G. NEUMEIER (U. P. Staff Correspondent)

Tampico, Mexico, (By Mail to U. P.)—Tampico's trolley ambulance, believed here to be the only one of its kind in the world, has proved a big success, officials of the William C. Gorgas hospital have announced. The car operates on the city street car tracks and is the only means of transporting injured or sick persons to the hospital, which is on the outskirts of the city.

The hospital was constructed by the American oil companies and it was found that motor ambulances could not be used because of the bad condition of the streets which in many cases are not passable.

Dr. A. R. Stubbs, director of the hospital, conceived the idea of operating a trolley ambulance and working in conjunction with Harvey Lench, general manager of the street railway organization, had one constructed from a street car.

Tracks were laid into the receiving ward of the hospital so that the ambulance can go right into the hospital.

Whenever a call is received in any part of the city the trolley ambulance is immediately dispatched to the nearest point. It is given the right of way over the other cars.

on camp sanitation and in their mode of tent living, and it is getting to be a difficult task for Mr. Cotton to determine the grades for the tents.

In making his grades, he takes many things into consideration, including the appearance of the beds and the general survey of the interior of the tent. The exterior of the tent and its surroundings also are taken into daily consideration.

The boys who rank the highest will be repaid for their neatness. The winner having the best grade for the ten days will receive a free trip to Indianapolis and the next best will receive an allotment of theatre tickets, given by Walter F. Easley, manager of the Princess theatre.

The camp will be a busy place from now on, and the boys will make the best of the few remaining days, because the outing will close on Friday.

CITY EMPLOYEE TELLS ABOUT HIS TROUBLES

Evansville Man Says Tanlac Is Only Thing That Ever Did Him Any Good — Stomach Troubles Overcome And He Now Feels Fine.

"Tanlac seemed to hit my case at once and four bottles have made a new man of me," said Ivan Smith, 702 Walnut St., Evansville, Ind., well-known city employee.

"My kidneys were terribly disordered and it was all I could do to stay on the job. The hurting and aching would keep me awake for hours at night and my nerves got so unstrung it seemed they would go all to pieces. After eating anything my stomach would ache and cramp me terribly and I would become so dizzy I could hardly sit in a chair.

"But now I don't have an ache or pain, can eat just anything, my kidneys never trouble me and I feel fine. Tanlac has sure done the work for me and I am mighty glad I got hold of it."

Tanlac is sold by all good druggists.—Advertisement.

BIBLE THOUGHT
—FOR TODAY—

Bible Thoughts memorized, will prove a priceless heritage in after years.

TRUTH MAKES FREE—Then said Jesus, if ye continue in my word, then are ye my disciples indeed; and ye shall know the truth, and the truth shall make you free.—John 8: 31, 32.

Governmental Supremacy

Opinions are at variance as to the merits of the various controversies between capital and labor that are paralyzing the industry of this country and injuring millions of people who are in no way responsible for the conditions that exist.

Without greater knowledge than we possess we would not presume to pass judgment upon the briefs of either side. There may be right and wrong on both.

But one fact stands out paramount to all others. The supremacy of the government must prevail, and any person who is not willing to acknowledge and abide by that supremacy is an undesirable citizen

and should be treated accordingly. We have seen too much of the bolshevistic effect upon Russia, to ever countenance its control of this country, but if any organization or group of men, whether of capital or labor, is allowed to continually flout and defy the governmental authority bolshevism in its most virulent form is exactly what we must face—and sooner than we anticipate.

There is entirely too much of a tendency to ignore the government and apply the rule or ruin law of might. When the government reaches the end of its patience and says settle, it is time for the contestants to do just that very thing. The public as well as the parties to the disputes, have rights that must be respected, although the scrapping minority appears not to be aware of that fact.

Those are our sentiments, let them pinch where they may.

Many parents complain that as their children grow older they cast off their obedience to parental law and lose their respect for parental authority.

But the child is not alone to be censured.

The parent who does not demand respect and obedience in the beginning will not receive it in the end.

Humoring and coddling does not produce either. Instead, it creates selfishness, ingratitude and ultimate indifference.

Soviet Russia has an army of 1,600,000 men well armed, well equipped, well drilled, and efficiently officered, capable of taking the field upon a moment's notice.

How long will these men, trained for war, continue in the path of peace when the fumes of another war are in the very air they breathe?

Any child can ask the question, but the wisest of men can not answer.

LOCALS GET TEN HITS

Visitors Unable to Hit Hobart Who
Allows Only 3 Swats—Rushville
Fields Well

The Tail Lights showed up in form Sunday afternoon when they defeated the Oldenburg team on the West Third street diamonds, by the count of 3 to 2.

Hobart, who made his first appearance this season on the mound for the Locals, let the visiting team down with only three hits, and pitched ball like a veteran. Rushville collected ten swats off of Moorman, and four of them were double hits.

The game was featured by the fielding of Joyce and batting of Bennett. Joyce jerked two hard liners over second that ordinarily would have gone for hits.

Bennett, first sacker, led at the bat with three hits out of four trips to the plate, one of his hits going for two bases.

The Rushville Merits will try their luck with the Oldenburg team on Sunday August 13, at Oldenburg and with a good pitcher, they will put forth a big fight to win from the team which was here yesterday.

The game was one of the best seen here this season. Rushville scored one run in the first inning, and Oldenburg tied up the count in the fifth, and were ahead one run in the first of the sixth, but Rushville put across two more tallies in the last of the sixth, which gave them a one run lead, and neither team scored after the 3 to 2 count had been established.

By HENRY L. FARRELL
(United Press Sports Editor)

New York, July 24—Some of that peculiar brand of optimism, which think that sunshine is propaganda and that all silver clouds wear dirty linen, are turning up their noses at the Dempsey-Wills fight.

They whisper, with a solemn look, that Wills has already been fixed to take a dive and allow Dempsey to retain his title.

"Don't bet, though," they whisper, "because the double-x is always ready to step in."

They turn back a few pages of the book and call attention to the story that Jack Johnson was hired to take the flop for Jim Jeffries, but that he forgot about the agreement when he saw he could win.

Things always look blue through blue glasses. Professional boxing operates largely in somber settings, but in justice to a lot of respectable boys in the game, it must be said that a fan going to fight looking for a fake can always see something that makes him think he was right.

As long as there are tongues, there will be talk of both kinds. Several weeks ago Urban Shocker, star pitcher of the St. Louis Browns, went to the hospital. The next day George Sisler appeared on the field with a bandage thumb and Mary McManus had his cap pulled down low.

Stories were circulated that Shocker, Sisler and McManus had engaged in a free-for-all, that the club split in factions and that wild night parties were wrecking the pennant chances of the team.

No one who knows the three players would either repeat the story or believe it.

Any player who could send an athlete like Shocker to the hospital for two weeks ought to be chasing Jack Dempsey instead of baseball.

Barney Dreyfuss denies that George Gibson was invited to hand in his resignation as manager of the Pittsburgh Pirates and maintains that it was a surprise to him.

Things had not been going well

with the Pirate since they blew the pennant last year and it was said not to have been entirely the fault of Gibson.

Reports from Pittsburgh have it that a complete housecleaning may be brought about before the end of the present season.

Billy Haack, Memphis promoter, is the first in the ring game to follow the lead of several major league baseball clubs in manufacturing fans for his sport.

Haack staged a recent fight between Pat Moore and Sammy Mandell and he opened the left field bleachers at the park for youngsters in knee pants at fifty cents a head.

Joe Rivers, the Mexican lightweight, who was a leading contender in the days of Gans and Nelson, tried a comeback recently in Portland, Oregon, against Bobby Hatper and was knocked out in the eighth round.

Every time an old timer uses the ropes for a gallows, Jack Britton stands out more and more as the marvel of the age.

Western golfers soon will decide to save time and trouble and crown Chick Evans as the king for life. He has won the western title six times in a row and is still going strong.

Miss Suzanne Lenglen may show signs of a weak heart in tight places, but the European tennis champion is not without sportsmanship in the degree that some have painted her.

In a tight match with Miss Elizabeth Ryan recently in the British national championships at Wimbledon, Suzanne was favored by the referee on a close decision and on the next play she deliberately drove the ball far out of the court to even the point.

That's good stuff in tennis but no one could expect poor Georges Carpentier to purposely miss a punch against Dempsey just for ethics.

Some might say, however, that it wouldn't make any difference.

INVITE GOLFERS TO EXHIBITION GAME

British Professionals to Give Exhibition at Highland Golf Club
Wednesday, Aug. 9

TO EDUCATE GOLF PLAYERS

To Precede The French Lick Championship Event to be Staged
August 14-19.

Indianapolis, Ind., July 24—All Indiana golfers, especially those who will play in the French Lick championship event, Aug. 14-19, have been invited through their clubs to watch the exhibition at the Highland golf and country club of Abe Mitchell and George Duncan, the British professionals, morning and afternoon of Wednesday, Aug. 9.

Mitchell and Duncan, the best of the modern crop of golfers in England, are being brought to Indianapolis for their effect in educating Indiana players in golf execution.

The exhibition is held under the advice of the officers of the Indiana Golf association, which will direct the tournament at French Lick the following week.

"Indiana needs more and better golfers if it is to take a substantial place among the other states in a golf way," said Secretary Mossler, of the Indiana Golf association, "and it is in seeing such mast players as Duncan and Mitchell that better golf play comes."

Two of Indiana's best amateurs, Johnny Simpson of Indianapolis and Vincennes, state champion, and Billy Reed Indianapolis city champion will compete against Duncan and Mit-

chell in the morning round. Two of the professionals, Chick Nelson of Kokomo Country club and Lee Nelson of the Indianapolis country club have been invited to play against the Britishers. Chick and Lee are members of the famous Nelson family of golf professionals six of whom have chosen that vocation.

Mitchell and Duncan are the best of the modern crop of golfers in England, the successors of Vardon and Ray, and Taylor and Herd Mitchell is at best at match play, at which style of play the Highland exhibitions will be held.

The Score Board

Yesterday's hero—"Pep" Young drove in one run with a double and a triple and scored two, giving the Giants a 4 to 1 victory over the Reds.

The Yankees got 15 hits off four Red Sox pitchers and won, 11 to 7. George Sisler made three of the Browns' seven errors and the Tigers won, 11 to 6.

Sixteen hits off three Athletics pitchers enabled Washington to win 11 to 2. With two more double plays Washington ran the season's total up to 104.

The Robins lost their thirteenth game on the western trip when the Cubs beat them, 4 to 1.

Boston beat the Cards, 4 to 1, and put the Giants back in first place.

Everette stopped the winning march of the Cleveland Indians and the White Sox won, 10 to 6.

BE RID OF THAT ACHE

If you're a sufferer with lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend. Ask your neighbor!

Mrs. Joseph Doll, 521 W. Third St., Rushville, says: "I have used Doan's Kidney Pills off and on when I was troubled with kidney complaint and have found them a reliable remedy. At times my back was weak and lame and I had to remain in bed. It ached intensely through the small part and my kidneys were irregular in action. I used Doan's Kidney Pills and they have never failed to relieve me."

Mrs. Doll gave the above statement August 26, 1915, and on November 1, 1920, she added: "I still have the same high opinion of Doan's Kidney Pills. I use them occasionally as a kidney tonic always with satisfactory results."

AMUSEMENTS

Douglas Fairbanks at Mystic
Filming "Arizona" is a radical change in the Fairbanks policy of stories, but it was suggested by Augustus Thomas, the author, and Douglas Fairbanks, respecting the latter's judgment, decided to adapt this well-known play to the screen. It will be shown at the Mystic theatre today and Tuesday.

Needless to harp on its dramatic qualities, "Arizona" is an American stage classic, and judging by the enthusiasm that Douglas Fairbanks displayed during the filming of the picture, it promises to be an American screen classic.

An exceptional cast has been engaged to play the principal parts, and technical director, James P. Hogan spared no pains in his settings.

An exceptional cast has been engaged to play the principal parts, and technical director, James P. Hogan spared no pains in his settings. Mr. Fairbanks plays "Lieut. Denton" a part that has all the charm and qualities in keeping with the well known Fairbanks personality.

Betty Compson Here Two Days
A cast of rare excellence was chosen for the principal roles of Betty Compson's latest Paramount starring vehicle, "The Law and the Woman," which will be the feature attraction at the Princess Theatre today and Tuesday. As Margaret Rolfe, a suffering wife, Miss Compson has one of the finest roles of her screen career.

Cleo Ridgely, former Paramount favorite in such pictures as "The Golden Chance," "The House With the Golden Windows," etc., returns to the screen after several years absence to play the role of Clara Foster, a vamp. William T. Carleton is a well-known screen and stage player and was seen as the minister in "The Inside of the Cup" and in other Paramount pictures. He plays the part of Julian Rolfe.

Casson Ferguson, who was in the cast of Miss Compson's former picture, "At the End of the World," and who is regarded as one of the most popular leading juvenile actors, is seen as Phil Long. Henry Barrows, Helen Dunbar, Clarence Burton, and others also are in the cast.

The camera work is by Karl Struss. The screen adaptation of the famous play is by Albert Shelby LeVino.

LEGION LOST ON TWO BAND CONCERTS

Continued from Page One
a wonder with his whistling solos, and imitations of birds.

Bobbie Brolier at each performance sang several numbers with the Scottish dialect, and at night gave several readings, the one which made a big hit being, "It's Nice to Get up in the Mornin'," but its Nicer to Lie Abed". In the afternoon his interpretation of Larry Lauder in, "Roamin' in the Gloamin'" was roundly applauded.

Katherine Murdock, soprano, who was scheduled to appear with the band was called to Indianapolis suddenly and was unable to appear. A ten minute intermission was held between each half way session in the afternoon and night. The band was well received in all of the numbers, and the program was pronounced by all as being equal to any band that ever appeared here.

Tickets for the concerts were collected at the doors of the coliseum and hundreds of people were on the outside of the building, and parked close to the coliseum in machines, which cut down the attendance with their admissions.

PROSECUTION IS DELAYED

Washington, July 24—Efforts to prosecute five persons for criminal negligence in the construction of the Knickerbocker theater here, the roof of which caved in last January with the loss of 97 lives, received a setback here today when a demurrer against indictments was sustained by Justice Siddons in the District of Columbia Supreme court.

FIVE RAILROADS GIVEN PROTECTION

Continued from Page One
from the hands of the labor board. Secretary of Labor Davis returned to Washington yesterday after a conference in Mooseheart, Ill., with M. L. Menimen, labor board member, and the seven shop craft leaders. He was to submit a report to the president.

President B. M. Jewell of the shop crafts, refused to comment on the individual peace negotiations started today by the Baltimore and Ohio railroad. This peace move was watched closely by union chiefs as it was felt that if the Baltimore and Ohio could work out a settlement with its employees other roads would follow.

It is reported that Jewell has received "fair offers" from more than a score of roads, most of them in the northwest.

Washington, July 24—Powers almost as drastic as those used by the government during war time, will be brought into play in dealing with the coal and mine strikes, it was believed here today.

Issuance of an order declaring that the dual mine and rail strike constituted a national emergency within the meaning of section 402 of the transportation act, was expected from the interstate commerce commission.

Issuance of this decree would result in strong action being taken by the government to protect the public interest. The administration, in the contemplated step, is expected to treat the two emergencies as one. The plan contemplated by the government includes the two following steps:

- 1—Governmental direction of the railroads and control of the distribution and price of coal.
- 2—Seizure and operation of the mines.

The patience of the president in his efforts to bring the warring factions in both strikes together has been about exhausted and he feels it his duty to take action according to administration senators who have been in close touch with the executive.

The government's new and sweeping move will be made within two days if the strikers and the employers do not manifest a willingness to settle their dispute, one leading republican senator said. Assurances have been given the executive that any additional powers needed can be voted by congress in the near future.

One of the first steps under consideration is said to be priority orders for the shipment of coal to New England and the northwest where the shortage already is becoming acute.

TROLLEY MEN MAY STRIKE

Chicago, July 24—A strike of surface and elevated lines employees here appeared certain today. A conference was in progress between union leaders and street railway representatives after which final action will be taken. Before the conference both sides announced they would refuse to recede from their demands. The surface lines insist on a wage reduction of 15 cents an hour and a working day of nine hours instead of eight.
